POWER GENERATION TECHNICIAN

Whitehorse, Yukon

ATCO Structures & Logistics is a North American leader in technical services and facilities management for the telecommunications, resource, transportation, utility and defense sectors. Our Joint Venture with the Northern Aboriginal Services Company has an immediate requirement for a full time Power Generation Technician, in connection with our contracts with NorthwTel, to maintain diesel power generation systems at telecom sites in the Yukon & Northern BC.

The Power Generation Technician will provide scheduled preventive maintenance on diesel generators at sites located in the Yukon & Northern BC; unscheduled repairs and emergency response to correct diesel generator failures and other related problems, as well as periodic installations of generators and related equipment. Inspections of fuel systems, fuel tank dips and reporting as well as associated fuel related problems that may arise.

The position requires regular travel by truck and helicopter to remote sites in northern BC, & Yukon with occasional trips to the NWT.

The successful candidate will be a diesel or heavy equipment mechanic (Journeyman or equivalent experience) with a valid driver's license. Candidates should have a minimum of 1 year experience maintaining and repairing diesel generators; trouble shooting and repairing mechanical and electronic engine controllers; repairing other equipment associated with remote diesel power generation. A demonstrated ability to work independently and "get the job done" thoroughly, efficiently and safely is essential.

ATCO Structures offers a competitive pay and benefits package. Qualified individuals are invited to apply on or before **November 27th, 2015** to:

Administration Coordinator
ATCO Structures & Logistics.
#210-1100 Front St., Whitehorse, Yukon Y1A 6K6
Fax: (867) 667-4820 or e-mail alberta.weber@atcosl.com
