*1902 News from the Whitehorse Star***A Record Breaker**

Last fall Supt. Gen. E. Pulham made the assertion that before the winter was over he would break all previous records of fast travel between White Horse and Dawson and last night he arrived from the latter point in a W.P. & Y. Route stage that made the heretofore unprecedented time of 3 days and 10 hours.

Although the early part of the season on the winter trail offered many obstacles for rapid traveling Mr. Pulham did not lose his nerve but went ahead with his work and under his management the W.P. & Y. Route has furnished a regular, rapid and easy, even luxurious, means of reaching the Klondike capital from the northern terminus of the railroad.

For doing this work Mr. Pulham has had every facility that money could procure, and in addition has had the assistance of an exceptionally competent staff of assistants. This end of the line has been well and closely looked after by Assistant Supt. H. Wheeler, while the stage drivers employed have acquired skill through years of experience in the north.

The fastest round trip on record between White Horse and Dawson was that made by Driver Jack

McMillan who returned here a few days ago after an absence of only 8 days and 2 hours.

The management of the W.P. & Y. Route have made special efforts this season to meet the requirements of the interior transportation business. Although their contract only calls for a five day service hardly a day has passed since the road got in good shape but that one or more stages have not left White Horse and a like number arrived. From four and a half to five days are usually consumed on a single trip unless the weather happens to be bad, when it requires a little more time.

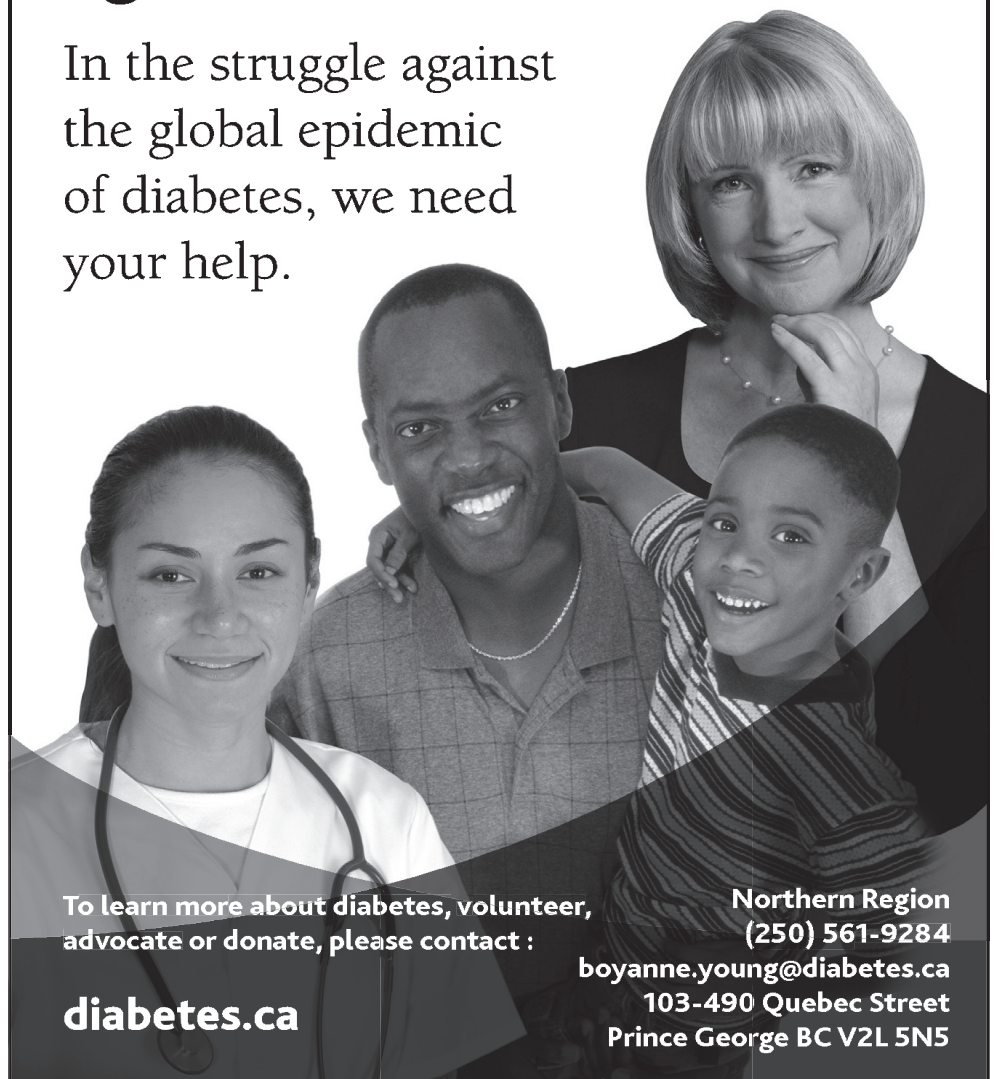

The result of this policy of the W.P. & Y. Route has been that they have secured most of the passenger traffic and even those who have gone on other stage lines at reduced rates of fare have kicked themselves, so to speak, before the end of their journey was reached, for the reason that it had taken from a week to ten days longer to make the trip in much less comfortable conveyances, and their extra expenses for the additional time spent on the road have more than equalled the difference of fare between the independent lines and that of the W.P. & Y. Route.

## Wolf Dog Attacks Four Year Old

A four year old girl is in serious condition following an attack by a "wolf dog" at Watson Lake on Saturday. Patricia Anne Glowa, daughter of Mr. and Mrs. Alex Glowa of Watson Lake was flown to Whitehorse General hospital suffering from severe bites to the right groin and multiple other injuries. She has undergone surgery and was flown to Edmonton yesterday for further treatment.

The attack occurred at 12:30 p.m. Saturday by a wolf which is kept at Watson Lake for breeding purposes. Details of the incident were not immediately known.

The child was put aboard C.P. Air's northbound jet which brought her into Whitehorse in the record time of 25 minutes.

## TIPS ON HOW TO WRITE A CLASSIFIED AD THAT SELLS

1. Use a **KEYWORD**. This immediately tells the reader exactly what it is you have to sell.
2. Make your description **CLEAR** and **FACTUAL**. State the year, make, model, color, size and tell what condition the item is. Also state the special features.
3. State the **PRICE**. Successful Classified advertisers have learned that the price in an ad helps increase the chances for results.
4. If there's a genuine sense of **URGENCY**, say so. The words, "We're Moving" or "Must Sell Fast" suggests that readers respond immediately.
5. Include your **PHONE NUMBER**. Classifieds get results fast and often generate immediate sales. If you cannot be available to answer the phone at all times, be sure to specify special calling times such as "after 6PM" or "before 11AM".

**If you need assistance ask one of our friendly AD-VISORS to help you word your ad.**

### Life expectancy of average outdoor cat: 2-3 years

### Life expectancy of average indoor cat: 15 years

Indoor spayed and neutered cats lead long, happy and healthy lives. Cats that have experienced the outdoors will need time to adapt to inside life but will soon enjoy the comforts of a safe indoor home.
