EMPLOYMENT OPPORTUNITY

Tlicho Engineering & Environmental Services Ltd. (TEES) has a number of challenging career opportunities as part of the Faro Mine Remediation Project. We are searching for the right people to fill key roles in our dynamic fast-paced work teams. We invite you to join our team providing care and maintenance services at the abandoned Faro Mine site in Faro, Yukon

Career Opportunity:

ENVIRONMENTAL COORDINATOR

TEES requires an Environmental Coordinator responsible for performing / supervising field activities related to water quality, hydrology, geotechnical monitoring, meteorological, terrestrial, data management, lab analytics, reporting and assessment programs. Duties include (but are not limited to) managing field staff, surface water sampling, groundwater sampling, flow monitoring, seepage and groundwater monitoring, and instrumentation maintenance. Ideally this candidate will have a BSc in Civil/Environmental/Geological Engineering, but the following will also be accepted:

- Environmental Engineering Technologist Diploma, Environmental science or other related technician/technologist diploma;
- 5+ years of environmental experience in conducting field work in a similar setting would be an asset; and
- Experience in planning and conducting environmental investigations.

Tlicho Engineering & Environmental Services Ltd (TEES) is committed to developing capacity of local impacted communities, providing to local business and preserving lands for future generations. TEES works in the most remote locations and extreme environments in the world, where we continually complete projects on schedule and under budget.

TEES is contracted by Government of Yukon to provide care and maintenance services at the Faro Mine Complex as part of the Faro Mine Remediation Project. For more information on the Faro Mine Remediation Project, please visit www.faromine.ca.
