# **Employment Opportunity**

Providing leadership through our strengths in programming, services and research, Yukon College's main campus in Whitehorse and 12 community campuses cover the territory. A small college, YC provides a stimulating and collegial environment. We work with Yukon communities, Yukon First Nations, local governments, business and industry, to promote a community of learners within a vibrant organization. Come join us as we continue to enhance the Yukon's capacity through education and training.

#### Research Assistant – **HRV Data Analysis**

Yukon Research Centre Ayamdigut (Whitehorse) Campus Term Position from September 2014 to June 2015 Hours: Maximum of 560 hours

Competition #: 14.97

Initial Review Date: August 26, 2014

Are you looking to support your post or undergraduate program?

As part of a collaborative project with Canadian High Arctic Research Station, Canadian Mortgage and Housing Corporation, Yukon Housing and the Municipality of Cambridge Bay, Yukon Research Centre are collecting data via the internet from six Heat Recovery Ventilators located in Cambridge Bay, NU with a view to doing detailed data analysis and making recommendations for how best to design HRVs for operating in northern climes. The Research Assistant will work as part of the project team setting up analysis and reporting protocols, analyzing the data through software programs such as Tableau, and in conjunction with YRC and Yukon Housing, produce monthly and quarterly reports on HRV performance and a final summary report on how the HRVs performed over the course of an arctic winter. The final report will also include recommendations for improving the HRV design to better operate in the north. This is an ideal opportunity for an individual looking for a real time project to support on-going studies.

- Analyzing raw data in a software program
- · By looking at specific parameters such as power consumption, time in defrost, energy efficiency etc. determine how individual HRV's are performing
- Preparing monthly and quarterly reports on HRV performance based on statistical analysis
- Attending regular meetings with Yukon Housing and YRC to discuss analysis techniques and findings
- Writing a final report detailing analysis over a 10 month period and to include recommendations for refining HRV design for suitability in the north.

#### **Oualifications:**

- Background in environmental science or engineering will be considered an asset
- Proven organizational skills, attention to details, and ability to work independently
- Excellent interpersonal and communication skills
- Familiarity with Microsoft Excel, Word, and Power Point
- Familiarity with similar software will be considered an asset

#### **Database Administrator –** Systems Analyst

Ayamdigut (Whitehorse) Campus Student & Infrastructure Support **IT Services** 

2 Permanent Positions \$67,483 to \$80,338 per annum (Based on 75 hours bi-weekly) Competition #: 14.98

Review Date: September 2, 2014

Reporting to the Manager IT Services, the position is responsible for the administration, design, maintenance and implementation of all data base systems within Yukon College. This position will manage the database resources and services and ensure data quality and integrity and availability to all applications.

As the primary resource for the Student Management System (Ellucian/ Banner), you will install, setup, configure, patch, administer, troubleshoot and maintain the Banner and Millenium Fast Systems. As well, with your experience in operating systems and business analysis, you will be working closely with a variety of users in the college to determine their current and future requirements and you will work with the user community to further implement our data warehouse environment (Millenium Fast), providing users with the capability of developing and running their own queries and reports. We are looking for someone who is comfortable working closely with users, who can lead the process of providing timely and accurate information as required.

Applicants will have Post-secondary Information Technology certification and or several years of IT industry training in Database Management/Development preferably Oracle and /or Banner, programming experience with PL/SQL, Oracle and Unix shell scripting specifically in creating and running reports and experience in project management.

Yukon College offers a comprehensive benefit package.

# INVITATION TO TENDER

# WASTE MANAGEMENT FACILITY SCALE & E-WASTE CANOPIES 2014

**TENDERS** will be received at the office of the Manager of Financial Services at City Hall, 2121 Second Avenue, Whitehorse, Yukon, Y1A 1C2 before **4:00:00 PM local time on Thursday, August 28, 2014.** 

Tenders must have the seal of the Tenderer affixed and must be submitted in a sealed opaque envelope clearly marked "WASTE MANAGEMENT FACILITY SCALE AND E-WASTE CANOPIES - 2014, ATTENTION: MANAGER FINANCIAL SERVICES."

The City of Whitehorse requires two new canopy structures to be constructed at the Son of War Eagle Waste Management Facility. The new facilities are to be pre-engineered metal structures designed to meet or exceed local building requirements and conditions. One structure will cover the landfill weigh scale and will measure 27.5 meters by 6.1 meters (90 feet x 20 feet) with a minimum height clearance of 6 meters (20 feet) from the weigh scale driving surface. The second structure shall be a covered storage facility for electronic waste, batteries, paint, etc. and will measure 18.3 meters by 7.6 meters (60 feet x 25 feet) with a minimum height clearance of 7 meters (23 feet).

Tender documents may be obtained by Tenderers who are or will be authorized to conduct business in the City of Whitehorse, from the Office of the Manager of Financial Services at City Hall, on or after 12:00 PM local time Friday, August 15, 2014.

Each Tender must be accompanied by the Tender Security as specified in the tender documents. The City reserves the right to accept or reject any or all Tenders, or to accept the Tender which the City deems to be in its own best interest in full or in partial. Tenders submitted by Fax will not be accepted nor considered.

#### All enquiries shall be directed to:

# Kuzma Murder Trial Underway Here

Twenty-eight witnesses were scheduled to be heard in the murder trial of Nicholas Kuzma in connection with the August 18, 1961 death of Canadian Customs man Roy Wilson. Kuzma was arrested in Haines on the 20th.

Because the charge is one of non-capital murder Mr. Justice John Parker told the jurors he wold not confine them during the trial. Kuzma is being defended by Gordon King with Stuart Enderton as crown prosecutor. The trial commenced Tuesday and should end tomor-

Wilson's bruised and bloody body was found lying about fifty feet from the Alaska Highway at mile 1207.3 on the west side of the right-of-way by Customs Officer Clayton Skelton. Wilson was wounded 11 times about the neck and chest, his face was gashed and bruised and his upper right forearm was

Dr. W. R. Buchan yesterday told the court Wilson died from a wound in his heart. His jugular vein was punctured and also his windpipe. Shown a jackhandle which RCMP Cpl. Steve Penteliuk of Haines Junction found near the body, Dr. Buchan agreed a tool of that nature could have caused some of the wounds.

Evidence showed that Kuzma and Wilson had been travelling together on the night of August 17. They spent about six hours at the bar of Seaton's Lodge in Alaska at Mile 1235. William Seaton owner of the lodge, testified Wilson had been obnoxious for about two hours of his stay and had used obscene language. At one point Seaton offered to hit Wilson unless he apologized to Mrs. Seaton for a remark made to her. The two men had been at the lodge separately on other occasions but this was their first visit together.

Seaton also described a fight which

took place outside his lodge in the parking area after Wilson and Kuzma had left early in the morning of the 18th. He told the court he had seen Wilson hitting at Kuzma while Kuzma sat in the driver's seat of the car and Wilson stood outside. Then Kuzma got out, knocked Wilson down and placed one knee on him, hitting Wilson several times. After this they drove away together.

RCMP Cpl. James Ballentyne, who is with the identification branch, described the scene where the body was found. He said there were tire marks between the soft shoulder of the road and the beginning of the bush. They crossed the ditch that separated them. The bush was quite dense but appeared to have been trampled upon. Wilson was lying on is back with one arm across his chest. His shirt was open with all but one button missing. He was wearing only one shoe and sock. A black leather shoe was found 30 feet from the body and a sock was found hanging on a nearby bush. A few feet from the body there was an area covered by a "red substance" about one foot in

Cpl. Ballantyne said there were "scrape" indications on the back of Wilson's trousers.

Cpl. N.P. Schiml of the RCMP lab at Regina testified regarding a jack and jack handle mechanism. He said the jackhandle could have made marks that appeared on the mechanism but he could not positively identify them. The iack mechanism had been found in Kuzma's car.

Miss Marlene Pierce from the police lab said she had identified blood on the jack handle but could not identify the

Wilma Lee and Russell Allan, both of whom were at Seaton's on the night in question, testified regarding Wilson's unruly behaviour. Mrs. Lee said Roy

Wilson appeared to be trying to start trouble while Nick Kuzma tried to settle him down.

She saw Kuzma again the next morning at White River Lodge where she was then residing. He appeared to be "more or less in a state of shock."

Traveler Garth Fuller from Iowa recalled seeing a man without a shirt step from a car a few miles North of the Canadian Customs early on the 19th and motion him to stop. Fuller did not stop. Later, as he was leaving the customs office, a man who appeared to be the same person drove up to the office.

Customs Officer Clayton Skelton met Kuzma as Fuller was leaving the border office. Kuzma told him there had been a little trouble at Seaton's. He said Wilson had asked him to speak to Clayton concerning having someone else cover his shift as he would not be back for a day or two.

He claimed Wilson had been making a pass at a girl and the man she was with had become angry. Then, Kuzma told Mr. Skelton. Roy had got mad and refused to return with him.

Later in the day Mr. Skelton drove to Snag where he spoke to Russell Allan. On his return to the customs office at about 6 p.m. he spoke to customs officer Ken Watts and as a result of these conversations, drove along the highway to the vicinity of Mile 1207.3 with a friend, Lilly Ewchuk, looking for car tracks in the ditch. Miss Ewchuk spot-

ted Wilson's body. Note: Nicholas Kuzma, 37, was sentenced to fourteen years in jail after being found guilty of manslaughter in the death August 18, 1961 of Roy C. Wilson, Canadian Customs official. Mr. Justice John Parker imposed the sen-
