## TIPS ON HOW TO WRITE A CLASSIFIED AD THAT SELLS

1. Use a **KEYWORD**. This immediately tells the reader exactly what it is you have to sell.
2. Make your description **CLEAR** and **FACTUAL**. State the year, make, model, color, size and tell what condition the item is. Also state the special features.
3. State the **PRICE**. Successful Classified advertisers have learned that the price in an ad helps increase the chances for results.
4. If there's a genuine sense of **URGENCY**, say so. The words, "We're Moving" or "Must Sell Fast" suggests that readers respond immediately.
5. Include your **PHONE NUMBER**. Classifieds get results fast and often generate immediate sales. If you cannot be available to answer the phone at all times, be sure to specify special calling times such as "after 6PM" or "before 11AM".

If you need assistance ask one of our friendly  
AD-VISORS to help you word your ad.

Help Wanted

THE  
SURGERY CENTER  
OF FAIRBANKS

We are Fairbanks' first and only free-standing outpatient surgical facility. We have openings available for the right candidates. No weekends, no on-call responsibilities, competitive salaries and bonuses. Sign-On bonuses may also be negotiated.

Applications are being accepted for RN's to fill Recovery Room, Pre-op, and Stage II Post-op levels of care. Because we are an outpatient ambulatory facility, our patients are typically healthy and do not require intensive nursing care that are seen commonly in full in-patient hospital environments. This creates a pleasant work environment with low stress.

For RN's interested in periodic work, we have occasional overnight observation patients that require nursing during those stays. If you would be interested in being on our list of float pool for those occasional overnight patients, please call us.

If these opportunities sound interesting to you, please visit our website at [www.scfairbanks.com](http://www.scfairbanks.com) and call Rudy Martinez at **907-350-4306** or email at [rmartinez@scfairbanks.com](mailto:rmartinez@scfairbanks.com)

Horses Need Winter Care Too!

Usually, horses can withstand a lot of cold, but they are not invincible. Making sure your horse gets the winter care he deserves can insure a healthy, happy horse all year round.

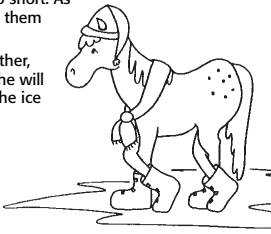

**FIRST**, make sure your horse gets annual vaccinations for rhinopneumonitis, Eastern and Western encephalomyelitis and tetanus. Get him checked for worms in the fall since he will have more energy if he is not playing host to a load of worms.

**NEXT**, be sure to have his teeth checked before winter so he can chew his food properly. This is a time he will need to burn more energy to stay warm, therefore increase his ration of hay.

**ALSO**, one of the most important things to check is that your horse has a clean, dry but well ventilated place to stay. A damp environment can lead to colds, coughs and viral infections. Poor ventilation can cause respiratory diseases while your horse can develop pneumonia if the stable is too hot or too tight. If you don't have a barn, your horse should at least have a three sided shelter, open on the down-wind side. Moist bedding can cause foot infection, so keep it dry.

**BESIDES THIS**, snow might be deep. Shoes should be pulled, because snow could ball up badly in shod hooves. This makes it difficult for your horse to walk. Trim the hooves enough so they won't crack or break, but not too short. As your horse paws through the snow, he will wear them down, causing sore hooves.

**REMEMBER**, if exercising your horse in cold weather, give him more time to warm up his muscles so he will be limber. And don't forget to break the ice in his water bucket or trough.
