We are Fairbanks' first and only free-standing outpatient surgical facility. We have openings available for the right candidates. No weekends, no on-call responsibilities, competitive salaries and bonuses. Sign-On bonuses may also be negotiated.

Applications are being accepted for RN's to fill Recovery Room, Pre-op, and Stage II Post-op levels of care. Because we are an outpatient ambulatory facility, our patients are typically healthy and do not require intensive nursing care that are seen commonly in full in-patient hospital environments. This creates a pleasant work environment with low stress.

For RN's interested in periodic work, we have occasional overnight observation patients that require nursing during those stays. If you would be interested in being on our list of float pool for those occasional overnight patients, please call us.

Homelessness Partnering Strategy: Designated, Aboriginal and Rural and Remote funding streams
April 1, 2015 – March 31, 2017

Closing Date: February 13, 2015– 4:00 pm

HPS Background:

The Homelessness Partnering Strategy (HPS) aims to prevent and end homelessness across Canada. It does so by developing partnerships that contribute to a sustainable and wide range of supports to help those who are homeless or at risk of homelessness move towards self-sufficiency through three separate funding streams.

1) Designated Funding Stream (Whitehorse only):

Designated funds are targeted to local priorities identified in the 2014-2019 Community Plan, and must be cost-matched (directly or in-kind) by other funding partners. Proposals will be assessed according to whether the projects are meeting or working towards the HPS Community Plan priorities, which are as follows:

1. To reduce homelessness through a Housing First approach.
2. To improve the self-sufficiency of homeless individuals/families and those at imminent risk of homelessness through individualized services.
3. To preserve/increase the capacity of facilities used to address the needs of people who are homeless or at imminent risk of homelessness.

2) Aboriginal Funding Stream (Whitehorse only):

This stream funds projects delivered primarily by Aboriginal service providers, and it is also guided by the 2014-2019 Community Plan priorities outlined above. It includes activities that promote inclusion within the Aboriginal community and that are congruent with Aboriginal identity and practices to ensure services are integrated and culturally-appropriate.

3) Rural and Remote Funding Stream (Rural communities only):

Projects that address prevention and reduction of homelessness in communities outside of Whitehorse are eligible for funding. This funding stream does not require funding from other sources, although partnerships are strongly encouraged.

In order to receive an application package including the Proposal Guide please contact:
