Snag Secures Notoriety As Being Coldest Spot N. American Continent

Approximately 175 miles northwest of here, but well within the Yukon Territory, lies Snag which has recently achieved notoriety as being the coldest spot on the North American continent. With temperatures hovering around "-82 below" it has occurred to some that given the right wavelength, (and they have a wide range at Snag) residents there

could tune in and hear the angels singing!

We in the Yukon have certainly experienced a "cold spell" this past week or so, and not a little inconvenience resulting therefrom, but we are reliably informed weather conditions hereabouts are due to moderate for which we shall all be thankful, "Fair and Warmer" is what we are all looking forward to.

TIPS ON HOW TO WRITE A CLASSIFIED AD THAT SELLS

1. Use a **KEYWORD**. This immediately tells the reader exactly what it is you have to sell.
2. Make your description **CLEAR** and **FACTUAL**. State the year, make, model, color, size and tell what condition the item is. Also state the special features.
3. State the **PRICE**. Successful Classified advertisers have learned that the price in an ad helps increase the chances for results.
4. If there’s a genuine sense of **URGENCY**, say so. The words, “We’re Moving” or “Must Sell Fast” suggests that readers respond immediately.
5. Include your **PHONE NUMBER**. Classifieds get results fast and often generate immediate sales. If you cannot be available to answer the phone at all times, be sure to specify special calling times such as “after 6PM” or “before 11AM”.
