Invitation to bid on a contract to complete a structural analysis of the Mayo Hockey Arena

The Village of Mayo is looking for a structural engineer to complete a structural analysis of the Mayo Hockey Arena and to provide a written report to the Village of Mayo about the condition of the building in regards to the proposed renovations as listed below.

The Arena is a 20,840 sq ft pre-engineered steel building on a concrete slab, constructed in 1981.

The Village of Mayo is planning to:

- insulate the interior walls and ceiling of the Mayo Hockey Arena,
- to create a small heated viewing area with an efficient heating system,
- and to replace the existing lighting with more energy efficient lighting.

To ensure the building structure is sound and is able to carry the added load of insulation etc., we require the expertise of a structural engineer to inspect the building and to provide their professional report to the Village of Mayo. This report will form the basis of the work that will be undertaken on this building.

The bidder (structural engineer) shall provide information on past projects/work completed of a similar nature along with his/her tender.

The successful structural engineer will be required to have a valid Village of Mayo business licence or inter-municipal business licence, their own liability insurance in the amount of \$2Mill., and their own WCB coverage for the duration of the contract.

**The contract timeline will be from
August 2018 to October 31, 2018.**

Written tenders must be submitted in a sealed envelope to the Village of Mayo,
Box 160, Mayo, YT, Y0B 1M0, on or before
Wednesday, August 22, 2018 at 4 pm.

Please list "Hockey Arena Structural Tender" on the outside of the envelope.

Emailed or faxed tenders will not be accepted.
The lowest or any tender will not necessarily be accepted.

1901 News from the Whitehorse Star

Now Own the C.D. Co.

E.C. Hawkins, general manager of the W.P.&Y. Route, has received advices from London and Chicago to the effect that a deal for the purchase of the property of the Canadian Development company has been put through, to go into effect April 1st.

The purchase includes ten steamboats, all the terminal facilities at White Horse and Dawson, namely, warehouses, wharves, lighters and other apparatus, besides two extensive and complete shipyards, one at White Horse and the other at Dawson. The ten steamboats include the best on the river, namely, the Columbian, Victorian, Canadian, Yukoner, Sybil, Bailey, Zealandian, Anglian, Mary F. Graff and the Joseph Clossett.

Four other steamboats, clipperbuilt, are in process of construction, to be ready June 1, and to be melded to this

Yukon fleet, namely the Dawson, Ogilvie, Hamlin and McConnell, making a total of 14 boats for the passenger and freight business between White Horse and Dawson.

This practically gives the W.P.&Y. Route the control of all the waterways to the interior as it also controls the Atlin route, having purchased what was formerly the John Irving Navigation Co. operating the steamers Gleaner and Scotia and the Taku-Atlin tramway.

Speaking of the labor involved in putting all this vast amount of machinery into systematic working order for next summer General Manager Hawkins said:

"It means a complete reorganization of the service on lines tending to secure greater efficiency at a minimum of cost, which the consolidation of the two interests under one management will best

permit. It will admit of greater dispatch and better results for both freight and passengers.

"Improvements and innovations will be the order all along the line. Tariff sheets are now in course of preparation with a view to putting all the traffic on a strictly weight basis, thus doing away with what is known by all shippers as the weight or measurement ship's option system, which has caused a great deal of confusion in the past, as under it the merchant was never in a position to figure in advance on what the cost would be for delivering his goods at any point in the interior.

"It is also contemplated to substitute oil for wood, which, if found practicable for fuel, will shorten the running time of each steamer from 12 to 20 hours on each voyage. — Daily Alaskan.

1902 The Semi-Weekly Star

Death of the Rail

A distressing accident occurred on the W.P. & Y. Route yesterday at 11:55 a.m. about two miles south of Frazer station. Two passengers on the last up trip of the Dolphin, after reaching Skagway, decided to walk over the mountain and had reached the point above named when they were overtaken by the north bound train running at a speed of 25 miles an hour.

At the place where the accident happened the snow is piled up on each side of the track to a height of five or six feet, with barely room for the passage of the body of the cars.

One of the men was on top of the snow bank, but the other a German named Hauser, about 35 years of age, six feet tall, weight about 180 pounds, light complexion and light mustache, was on the track. The man on the bank heard the roar of the train and called to his companion, who endeavored to scale the wall of snow; but he was too late and was caught by the snow plow,

thrown under the wheels and frightfully mangled before the train could be brought to a stop. As soon as possible the train crew took the man from underneath the wheels and placed him on board the train, but he expired a very few minutes afterward.

On examination it was found that his arms and legs were ground almost to a pulp and that a portion of his skull had been torn away. The body was brought as far as Bennett and there left to await an inquest.

No blame is attached to the employees of the railroad, as at the time of the accident the train had just rounded a sharp curve and the plow was throwing such a quantity of snow that it was impossible to see anything in front.

It is said the deceased was a resident of Chelan Falls, State of Washington, and leaves a wife and four children.

A Stroll Around Whitehorse

By Horace E. Moore Star Editor 1937 - 1950

WHITEHORSE DURING THE 1940'S - The Bank of Commerce is to the immediate left. The three story white building is the Whitehorse Inn. The White Pass train depot is at the end of the street, with the Whitehorse Theatre to the immediate right.

U.S. National Archives & Records Coll./Yukon Archives

Having enjoyed all the comforts of home and congenial surroundings at the Whitehorse Inn, a good night's sleep and a hearty breakfast at the Inn Cafe, let's spend the morning visiting the stores and business houses in town, become acquainted at first-hand with the townspeople and visit the points of interest, bearing in mind that this article is offered as a substitute for a personally conducted tour of the town.

We first visit the local branch of the Canadian Imperial Bank of Commerce of which Mr. A. E. Hardy is the manager. It was here that Robert Service was employed as a teller and where he wrote his first poems and "Trail of '98", which were to bring him both fame and fortune.

A portion of the premises on Main Street are now used by Mr. W. E. Emery, the mining recorder for this southern section of the Territory. Next door is the Yukon Taxi where, if

you care to drop in, you may meet Mr. Clyde Wann who operated the first commercial air service in the Yukon. Next in line traveling Westward, is located the Whitehorse Star which from the same location has been serving the community for the past 47 years.

The Fashion Shoppe is where Mrs. Burke operates a thriving business in serving the needs of the community.

The ball park, between Third and Fourth Avenue, has been the favourite stomping ground for all sports events for many years past. There also stood at one time, the old community hall operated by the North Star Athletic Association; a veritable landmark if ever there was one. Unfortunately, this edifice was destroyed by fire a few years ago, whilst occupied by the U. S. Army for hospital

News stories and articles of interest from the past 105 years are selected from the Whitehorse Star archives and can be viewed on the Whitehorse Star web site.

Be informed of the Past and the Present - subscribe on-line.

Check it out!! www.whitehorsestar.com

To subscribe to our on-line edition, fill out the subscription form located on the Whitehorse Star web site - it's as easy as that!
