While qualified VGFN citizens will be given preference, all interested and qualified individuals are encouraged to apply.

## 1959 News from the Whitehorse Star

## Triple Tragedy Stuns Territory

Shock and sadness descended upon the territory Saturday, clouding the sunny weekend and bringing grief throughout the Yukon. Dead in a triple tragedy at Pine Lake were Reverend Stanley Watson, 33, of Haines Junction, his father, James Watson 58 and Bill Hough, 34, superintendent of the experimental farm, at Mile 1019.

The trio were drowned on a fishing trip when, apparently, their 12 foot fibreglassed boat capsized. The numbing cold of the water prevented them from swimming to shore and the small boat did not float to provide a place of refuge.

Pine Lake is a few miles from Haines Junction on the Alaska Highway. It is a fishing spot frequented by many Junction residents.

The boat was found in about 12 feet of water, the prow just showing above the surface. It had been powered by a three-horsepower motor. Evidence indicated the men had finished fishing and were about to return to shore. The bodies were recovered by searchers from the Junction.

Funeral services for Reverend Watson were held at Haines Junction at 7:30 p.m. yesterday. Rites for Mr. Hough will be held in Chesterfield, Ontario. A memorial service for the agriculturalist was also held at the Junction.

Masonic rites were held in Whitehorse for Mr. Watson senior at 2:30 this afternoon.

## 1019 Superintendent

Bill Hough was born August 18, 1925. After being educated at Chesterfield Public School and high school he joined the army. Leaving the army, he entered Ontario Agricultural College where he graduated with a BSc in animal husbandry. After one year with the department of agriculture he returned to University graduating from Cornell University with a MSc in animal physiology.

He spent two years in Ottawa with the civil service then came north in June of 1956 to take the post of superintendent of the experimental farm at 1019

During his term there, he served as magistrate and coroner for two years.

He was a member of the Professional Institute, the Agricultural Institute of Canada and of the Masons.

President of the Community Club in 1957 he was a director of the organization in 1958 as well.

On the threshold of a promising career, his abilities were summed up by Commissioner F.H. Collins who said he was a civil servant of the very highest type, keen minded dedicated and enthusiastic.

## 1901 News from the Whitehorse Star Now Own the C.D. Co.

E.C. Hawkins, general manager of the  
W.P.&Y. Route, has received advices  
from London and Chicago to the effect  
that a deal for the purchase of the prop-  
erty of the Canadian Development  
company has been put through, to go  
into effect April 1st.

The purchase includes ten steamboats,  
all the terminal facilities at White Horse  
and Dawson, namely, warehouses,  
wharves, lighters and other apparatus,  
besides two extensive and complete  
shipyards, one at White Horse and the  
other at Dawson. The ten steamboats in-  
clude the best on the river, namely, the  
Columbian, Victorian, Canadian,  
Yukoner, Sybil, Bailey, Zealandian, Ang-  
lian, Mary F. Graff and the Joseph  
Clossett.

Four other steamboats, clipperbuilt,  
are in process of construction, to be  
ready June 1, and to be melded to this

Yukon fleet, namely the Dawson,  
Ogilvie, Hamlin and McConnell, mak-  
ing a total of 14 boats for the passenger  
and freight business between White  
Horse and Dawson.

This practically gives the W.P.&Y.  
Route the control of all the waterways  
to the interior as it also controls the  
Atlin route, having purchased what was  
formerly the John Irving Navigation  
Co. operating the steamers Gleaner and  
Scotia and the Taku-Atlin tramway.

Speaking of the labor involved in put-  
ting all this vast amount of machinery  
into systematic working order for next  
summer General Manager Hawkins said:

"It means a complete reorganization of  
the service on lines tending to secure  
greater efficiency at a minimum of cost,  
which the consolidation of the two in-  
terests under one management will best

permit. It will admit of greater dispatch  
and better results for both freight and  
passengers.

"Improvements and innovations will  
be the order all along the line. Tariff  
sheets are now in course of preparation  
with a view to putting all the traffic on  
a strictly weight basis, thus doing away  
with what is known by all shippers as  
the weight or measurement ship's op-  
tion system, which has caused a great  
deal of confusion in the past, as under it  
the merchant was never in a position to  
figure in advance on what the cost  
would be for delivering his goods at nay  
point in the interior.

"It is also contemplated to substitute  
oil for wood, which, if found practica-  
ble for fuel, will shorten the running  
time of each steamer from 12 to 20  
hours on each voyage. — Daily Alaskan.

*The White Horse Star, February 27, 1901*
