1902 News from the Whitehorse Star

The "Short Man" Captured

Dawson, Feb. 28 – Wm. Brophy, the "short man" in the Dominion gambling house holdup which occurred here last fall, and for whom a reward of \$500 was offered, was captured last midnight at a roadhouse eight miles from Dawson on Bonanza Creek by four N.W.M.P.

He carried a rifle, but had no chance to use it as the police jumped on him from behind. In the scuffle that ensued Brophy was shot, but not dangerously. He was brought to Dawson and placed in jail this morning. All three men connected with the robbery (Tomelin, Harris, and Brophy) are now in custody.

Brophy held up a man on Bonanza four nights ago, robbing him of four ounces of gold dust, and it was from a description of the robber, given by the victim, that Brophy's whereabouts became known.

LIQUOR VOTE SET FOR JUNE 23

All Yukon residents, 19 years and up, will be asked to answer this question on Monday, June 23:

"Are you in favour of lowering the legal age for the consumption of alcoholic beverages from 21 years to 19 years of age?"

Commissioner James Smith announced the date and terms of the plebiscite this morning. It is believed to be the first time in Canada that underage voters will have had an opportunity to express their opinions on a question which directly affected them.

There will be no enumeration of voters, and no voters list compiled for the plebiscite, which will be conducted by Federal Returning Officer Harold J. MacDonald of Whitehorse. Instead, each voter will swear an affidavit that they are of the full age of 19 and they were ordinarily resident in the Yukon Territory on March 20, 1969. This was the date on which Yukon Territorial Council approved the idea of the plebiscite being held.

1901 News from the Whitehorse Star

The Snow Blockade

Many hardships were endured during the early 1900's in the North. The following is a story of just one instance depicting the trials and tribulations of travelling from Skagway to Whitehorse during the winter.

The photograph of the steamer Cutch as it was taken a year ago on one of her stormy voyages from the Sound, was brought to the minds of the people of White Horse today when the train arrived from Skagway after six long days battle in the snow and ice and the entire train looked like some of the old time pictures of Santa Claus' Christmas time excursions. A dozen bewhiskered and hungry passengers came through from Skagway and barber shops, bathrooms and restaurants did a thriving business for several hours after the train pulled into the depot.

The train left Skagway last Thursday morning in charge of Conductor Connelly, with McGee as engineer. The big rotary plow with two engines started ahead and moved along with little or no trouble until the summit was reached where the difficulties commenced. It was stopping, digging out and starting until late Thursday evening when, about one and a half miles this side of Fraser, two drawheads were pulled out of the plow engines and they were compelled to lay up for the night. Some of the passengers mushed up to Log Cabin, a distance of three miles, and waited there until Sunday when the train came along again with the broken drawbars replaced, they having been brought from Skagway by the second rotary.

Bennett was reached Sunday evening and there was another delay of two days, first

as a result of one of the rotaries leaving the track over a broken rail and then one of the engines became disabled. The small rotary started ahead of the train from Bennett and was only enabled to run five miles when she had to be backed again to Bennett for another tank full of water. Pennington was reached at midnight last night, where the train which left here Thursday for the south was passed and the big rotary started below ahead of her. The smaller rotary came as far as Caribou ahead of Connelly and from the latter point the track was found to be comparatively clear.

At Pennington it was learned that there had been several big snow slides between the Summit and Glacier and there is a chance that the line through to Skagway may continue to be blockaded until the weather moderates.

Among the passengers on the train arriving today was Post Office. Inspector James, U.S. Customs Agent Idlemane bound for Forty Mile, James Larkin who is to have one watch in the prescription department of the Windsor Bar, Dr. Nicholson and half a dozen others who are enroute to Dawson. A.E. Chantler who had charge of the advertising for the annual edition of the Skagway Daily Alaskan, and who is now with the Alaska Yukon Advertising Co., was also one of the passengers on the belated train.

DAWSONITES LIBERATED BY U.S. FORCES IN THE PHILIPINES

Provost Marshal-General Leech wired from Washington, D.C. on February 21 to Mr. and Mrs. Murdock McCuish in Dawson, Y. T. informing them that their son John and his wife Virginia, had been released by the U.S. Forces from the Japanese internment camp at Santo Tomas, Luzon Island in the Philipines.

Mr. and Mrs. John McCuish were on Mindanao Island when the Japanese captured the Philipines and managed to evade capture for about two years by hiding in the hills before they were forced to surrender.
