## Ta'an Kwäch'än Council

### Request for Proposals for Socio-Economic Gap Closing Plan

The Government of Canada has engaged with Self Governing First Nations to design a collaborative fiscal policy as part of Canada's commitment to reconciliation. The new federal fiscal policy for funding Self Governing First Nations outlines new approaches to funding based on expenditure need and closing the gaps.

In determining what the gaps are and how to close those gaps, Ta'an Kwäch'än Council (TKC) is seeking proposals from qualified firms/contractors to develop a comprehensive socio-economic gap closing plan. This plan will provide TKC with information on how to reduce the socio-economic gaps between their Citizens and the rest of Canada. The plan will include an assessment of socio-economic, infrastructure and housing gaps, a comprehensive action plan to address the identified gaps, and a data system to collect, track, and maintain information on the outcomes of the socio-economic action plan. The successful firm/contractor will also need to ensure the plan is reported on.

The Request for Proposal (RFP) package provides:

- description of services required,
- general requirements,
- tasks and deliverables,
- project schedule and timeline,
- submission requirements and deadlines,
- evaluation criteria; and
- inquiry contacts.

Proposals will be accepted no later than 4:00 pm PST on **Friday, June 14, 2019**.

Please contact Barb Joe, Implementation Officer for the complete RFP package.

Email: [ImplementationOffice@taan.ca](mailto:ImplementationOffice@taan.ca)

Phone: (867) 668-3613 extension 211

*TKC reserves the right to cancel this RFP for any reason without liability to any proponent or to waive irregularities at their own discretion. A proposal may be withdrawn by written notice prior to the date and time set for closing time for receiving proposals.*

1902 News from the Whitehorse Star

## A Record Breaker

Last fall Supt. Gen. E. Pulham made the assertion that before the winter was over he would break all previous records of fast travel between White Horse and Dawson and last night he arrived from the latter point in a W.P. & Y. Route stage that made the heretofore unprecedented time of 3 days and 10 hours.

Although the early part of the season on the winter trail offered many obstacles for rapid traveling Mr. Pulham did not lose his nerve but went ahead with his work and under his management the W.P. & Y. Route has furnished a regular, rapid and easy, even luxurious, means of reaching the Klondike capital from the northern terminus of the railroad.

For doing this work Mr. Pulham has had every facility that money could procure, and in addition has had the assistance of an exceptionally competent staff of assistants. This end of the line has been well and closely looked after by Assistant Supt. H. Wheeler, while the stage drivers employed have acquired skill through years of experience in the north.

The fastest round trip on record between White Horse and Dawson was that made by Driver Jack

McMillan who returned here a few days ago after an absence of only 8 days and 2 hours.

The management of the W.P. & Y. Route have made special efforts this season to meet the requirements of the interior transportation business. Although their contract only calls for a five day service hardly a day has passed since the road got in good shape but that one or more stages have not left White Horse and a like number arrived. From four and a half to five days are usually consumed on a single trip unless the weather happens to be bad, when it requires a little more time.

The result of this policy of the W.P. & Y. Route has been that they have secured most of the passenger traffic and even those who have gone on other stage lines at reduced rates of fare have kicked themselves, so to speak, before the end of their journey was reached, for the reason that it had taken from a week to ten days longer to make the trip in much less comfortable conveyances, and their extra expenses for the additional time spent on the road have more than equalled the difference of fare between the independent lines and that of the W.P. & Y. Route.
