MP Computing Ltd. based in Whitehorse, Yukon provides accounting services for all types of organizations within our community. These services include financial reporting, payroll, GST reporting, and staff and client training. MP Computing Ltd. is seeking applicants for the position of:

Supervisor/Accounting Technician
(National Occupation Classification 1311)

Reporting to the Manager this position is a hands on position that includes supervision of accounting technicians/bookkeepers, reviewing working papers, providing bookkeeping services including assisting clients with accounting and software issues, maintaining complete sets of books, keeping records of accounts and verifying the procedures used for recording financial transactions.

The candidate should display good communication skills, be able to work independently and efficiently working within deadlines under strict confidentiality policies. This position requires periodic travel to remote northern communities in the Yukon.

The candidate should have completed a college, or university program in accounting or a related field and have several years of related experience. The candidate should be familiar with accounting software packages and have some supervisory experience.

This positions hours of work are 37.5 hours per week with an hourly wage of \$25 per hour.

Land Lotteries

Whistle Bend Subdivision, Whitehorse

The Government of Yukon is holding two land lotteries for the following lots located in the Whistle Bend subdivision in Whitehorse.

- 42 single family lots
- 10 duplex lots
- 13 townhouse lots on three sites
- 9 multi-family lots

The lottery opens July 30, 2019.

The lottery closes **August 27, 2019, at 4:30 p.m.**

The lottery draw will occur on August 28th at 1:00pm in room 1A of the Elijah Smith Building at 300 Main Street, Whitehorse.

Note: There will be restricted access to view these lots, as they are in an active construction zone. Please check the EMR lottery page regularly for times and dates that the public can access the site.

You can get lottery packages at the Government of Yukon Land Management Branch in Land Management Branch in Room 320 (3rd floor) of the Elijah Smith Building at 300 Main Street in Whitehorse or by visiting us online at emr.gov.yk.ca/landmanagement.

Call us at (867) 667-5215 or toll-free in Yukon at 1-800-661-0408, local 5215.

1962 News from the Whitehorse Star

BURIED IN TRENCH

Two men were buried in a trench yesterday afternoon at the vocational school site when an earth and gravel wall collapsed on them. Most seriously injured was Ronald Burnett of Whitehorse who received a broken leg and a broken pelvis. Vernon Ekland received also a broken pelvis.

When the wall came down, the two men were working close together in the trench being dug to accommodate sewer and water pipes. They were completely covered by the slide but, fortunately, Bennett and White Superintendent Nelson Ford knew their exact location and, when the rescue effort began, he could pinpoint their location and dug them out.

The trench at the point of collapse was approximately 14 feet deep. About the first five feet were frozen ground but beneath that the gravel was loose.

Both city fire departments rushed to the scene and also workmen from other parts of the city were called to assist. It was Ekland's second trip to the hospital in three weeks. He was just released after a broken ankle healed.

1901 News from the Whitehorse Star

Five New Boats To Be Built By The W.P. & Y. Route

150 To 200 Ship Carpenters Will Be Employed In The Work

Mr. G.C. Mellott is authority for the statement that the management of the W.P.& Y. Route have purchased five steamers from the Canadian Pacific, used formerly on the Stickene river by the C.P.R., and that they will be brought to Skagway and taken down for shipment to White Horse where they will be rebuilt with a view to the needs of river navigation. Hotline & Co., of Seattle, have the contract for the construction of the new boats and will have from 150 to 200 ship carpenters here inside of a month to commence active operations. The boats purchased by the W.P.&Y. Route are the Ogilvie, Hamlin and McConnell, which are now at Wrangel, the Dawson, now on the ways at Vancouver, which, though completed has never been launched and the Walsh, which has been lying in the Fraser river since the failure of the route up the stickene river to the Yukon. The purchase of these boats give the W.P.& Y. Route absolute control of fifteen first class river steamers, and will practically place the whole of next season's transportation business to the interior in its hands.

Captain Sanborn will superintend the construction and see that they are put up in accordance with contract. The contract calls for their completion by 1st of June next.

A new freight tariff sheet will also be issued in a short time, which will do away with the present system of charges by weight and measurement, and in lieu thereof all freight will be classified and rated according to the grade and quality of the goods.

Among contemplated improvements for the rapid handling of freight a large derrick will be erected on the wharf at White Horse for loading and unloading machinery and other heavy material.

If it becomes necessary another addition to the immense warehouse will also be built, and as soon as the ground thaws sufficiently to allow work to be commenced an electric light plant will be installed for the purpose of lighting the depot, wharf and warehouses.

The White Horse Star, February 6, 1901
