## AN ATLIN ROAD AGENT

**Masked Highwayman  
Holds Up a Stage in Real  
Western Style and Gets \$3.55**

Atlin has had a genuine stage holdup. The work of the robber was shockingly crude. His method, or rather lack of it, demonstrated that he was not an expert in the profession, and that he was thoroughly in want of experience.

It happened Monday evening, Sept. 16, about 8 o'clock. Walker's stage was enroute to Pine City from Atlin when a masked highwayman stepped out in the road and at the point of a Winchester commanded the driver to halt. The command was obeyed and the passengers were ordered to get out of the stage and line up with their hands in the air. Four of the passengers, Messrs. D. Patterson, C.H. Dewitt, J. Dillon and Mrs. Nelson took to the woods. The others were Driver Walker, Photographer Draper, T. Shirley, W. Waters, J. Emmett and Miss Maud Biggs.

They had considerable money about them, but most of them managed to lose their purses in the stage before leaving it. The highwayman's order to them, therefore, to throw their money in a pile on the road resulted in only \$3.55 being contributed to the road agent. This he sulkily picked up, and backing into the brush, he disappeared.

The police were immediately notified and vigorous search made for the daring robber, but up to late reports he has not been caught.

Yukon Environmental and Socio-economic Assessment Board

Does being a part of one of Canada's most dynamic environmental and socio-economic assessment processes interest you?

YESAB is an independent, arms-length body responsible for carrying out the assessment responsibilities under the *Yukon Environmental and Socio-economic Assessment Act (YESAA)*. Our commitment is to be an impartial, effective and efficient organization that provides assistance to all involved in the assessment process.

ASSESSMENT OFFICER OPPORTUNITY

**Your Northern adventure awaits!**

**Haines Junction – Full-time, term to May 31, 2022**

Annual salary range \$73,965.97 - \$85,277.37 (under review)

**Who you are:**

As an Assessment Officer, you are part of our skilled and diverse Assessment group that conducts environmental and socio-economic assessments throughout Yukon. You are an integral team member, undaunted by competing deadlines, who thrives in a challenging and positive atmosphere. You will be contributing to an enthusiastic and lively work culture; your strong time management skills allow both flexibility and the aptitude to innovate and be decisive. You are a talented researcher and communicator who listens well to understand the perspective and expectations of others while demonstrating a vigorous commitment and accountability to your performance.

**What you'll be doing:**

Each Assessment Officer is responsible for assisting in conducting environmental and socio-economic assessment of projects. This includes identifying project effects and mitigation measures for adverse effects, determining the significance of any residual effects and developing recommendations. Your contributions will also include participation in public forums as needed; as well as the ability to develop, foster and maintain multidisciplinary relationships.

**A comprehensive job description may be found on our website at [www.yesab.ca/employment](http://www.yesab.ca/employment)**

Note that as part of this recruitment process candidates may be required to complete a work simulation exercise to assess proper job fit and ability.

Your application must include both a cover letter and résumé which demonstrate how your knowledge and experience make you our ideal candidate. Note that international applications are not being accepted at this time.

**Apply via email:**  
[yesab@yesab.ca](mailto:yesab@yesab.ca)

**Apply via post:**  
YESAB Head Office  
Suite 200 – 309 Strickland Street  
Whitehorse, YT Y1A 2J9

**Applications must be received by January 24, 2021.**

Collection, use and retention of personal information will be in accordance with YESAB's privacy policies and practices. By submitting your résumé and personal information and/or participating in our interview process, you acknowledge and consent to YESAB's collection, use and disclosure of your personal information to determine your suitability for this employment opportunity.

Two Commercial Agriculture Lots for Sale Marshall Creek, Yukon

**The Agriculture Branch is currently offering two (25 and 64 hectare) soil-based agriculture lots in Marshall Creek Agriculture Subdivision, near Haines Junction, Yukon.**

These parcels are part of a Planned Agriculture Land Release and will be sold using an evaluative process.

Prospective purchasers are required to submit a detailed farm development business plan as part of their project plan.

Project plans will be evaluated with an offer of sale to the applicant that demonstrates the clearest understanding of developing a commercial farming enterprise.

**Deadline for applications is February 19, 2021 at 4:30 pm.**

Applications returned by mail must be postmarked by this date.

Application packages outlining eligibility criteria and requirements are available online at [yukon.ca/apply-agriculture-land](http://yukon.ca/apply-agriculture-land) or from:

Government of Yukon, Agriculture Branch  
Suite 320A, 300 Main Street  
Whitehorse, Yukon

*1962 News from the Whitehorse Star***Kuzma Murder Trial Underway Here**

Twenty-eight witnesses were scheduled to be heard in the murder trial of Nicholas Kuzma in connection with the August 18, 1961 death of Canadian Customs man Roy Wilson. Kuzma was arrested in Haines on the 20th.

Because the charge is one of non-capital murder Mr. Justice John Parker told the jurors he would not confine them during the trial. Kuzma is being defended by Gordon King with Stuart Enderton as crown prosecutor. The trial commenced Tuesday and should end tomorrow.

Wilson's bruised and bloody body was found lying about fifty feet from the Alaska Highway at mile 1207.3 on the west side of the right-of-way by Customs Officer Clayton Skelton. Wilson was wounded 11 times about the neck and chest, his face was gashed and bruised and his upper right forearm was broken.

Dr. W. R. Buchan yesterday told the court Wilson died from a wound in his heart. His jugular vein was punctured and also his windpipe. Shown a jack-handle which RCMP Cpl. Steve Penteliuk of Haines Junction found near the body, Dr. Buchan agreed a tool of that nature could have caused some of the wounds.

Evidence showed that Kuzma and Wilson had been travelling together on the night of August 17. They spent about six hours at the bar of Seaton's Lodge in Alaska at Mile 1235. William Seaton owner of the lodge, testified Wilson had been obnoxious for about two hours of his stay and had used obscene language. At one point Seaton offered to hit Wilson unless he apologized to Mrs. Seaton for a remark made to her. The two men had been at the lodge separately on other occasions but this was their first visit together.

Seaton also described a fight which

took place outside his lodge in the parking area after Wilson and Kuzma had left early in the morning of the 18th. He told the court he had seen Wilson hitting at Kuzma while Kuzma sat in the driver's seat of the car and Wilson stood outside. Then Kuzma got out, knocked Wilson down and placed one knee on him, hitting Wilson several times. After this they drove away together.

RCMP Cpl. James Ballentyne, who is with the identification branch, described the scene where the body was found. He said there were tire marks between the soft shoulder of the road and the beginning of the bush. They crossed the ditch that separated them. The bush was quite dense but appeared to have been trampled upon. Wilson was lying on his back with one arm across his chest. His shirt was open with all but one button missing. He was wearing only one shoe and sock. A black leather shoe was found 30 feet from the body and a sock was found hanging on a nearby bush. A few feet from the body there was an area covered by a "red substance" about one foot in diameter.

Cpl. Ballentyne said there were "scrape" indications on the back of Wilson's trousers.

Cpl. N.P. Schiml of the RCMP lab at Regina testified regarding a jack and jack handle mechanism. He said the jack handle could have made marks that appeared on the mechanism but he could not positively identify them. The jack mechanism had been found in Kuzma's car.

Miss Marlene Pierce from the police lab said she had identified blood on the jack handle but could not identify the group.

Wilma Lee and Russell Allan, both of whom were at Seaton's on the night in question, testified regarding Wilson's unruly behaviour. Mrs. Lee said Roy

Wilson appeared to be trying to start trouble while Nick Kuzma tried to settle him down.

She saw Kuzma again the next morning at White River Lodge where she was then residing. He appeared to be "more or less in a state of shock."

Traveler Garth Fuller from Iowa recalled seeing a man without a shirt step from a car a few miles North of the Canadian Customs early on the 19th and motion him to stop. Fuller did not stop. Later, as he was leaving the customs office, a man who appeared to be the same person drove up to the office.

Customs Officer Clayton Skelton met Kuzma as Fuller was leaving the border office. Kuzma told him there had been a little trouble at Seaton's. He said Wilson had asked him to speak to Clayton concerning having someone else cover his shift as he would not be back for a day or two.

He claimed Wilson had been making a pass at a girl and the man she was with had become angry. Then, Kuzma told Mr. Skelton, Roy had got mad and refused to return with him.

Later in the day Mr. Skelton drove to Snag where he spoke to Russell Allan. On his return to the customs office at about 6 p.m. he spoke to customs officer Ken Watts and as a result of these conversations, drove along the highway to the vicinity of Mile 1207.3 with a friend, Lilly Ewchuk, looking for car tracks in the ditch. Miss Ewchuk spotted Wilson's body.

*Note: Nicholas Kuzma, 37, was sentenced to fourteen years in jail after being found guilty of manslaughter in the death August 18, 1961 of Roy C. Wilson, Canadian Customs official. Mr. Justice John Parker imposed the sentence.*

*The Whitehorse Star, March 8, 1962*

**MADE IT** — Yukoner Martyn Williams, right, completed the international North Pole Expedition is six weeks along with Mike McDowell and brothers Sju and Simen Modre, at left.

**CITY RESIDENT MAKES POLAR HISTORY**

**W**hitehorse resident Martyn Williams has become the first Canadian to reach both poles of the earth using only skis and a small dog team.

Williams, 44 and his three companions on the International north Pole Expedition were picked up Saturday after six grueling weeks of fighting severe temperatures, driving winds, and tough, unpredictable sea ice.

All four members of the group are South Pole veterans. Australian Mike McDowell 44, accompanied Williams to the South Pole in 1990. Norwegian brothers Sju, 27, and Simen Modre, 29, traveled to the South Pole in 1991.

The group is now resting at the advance base on Ellesmere Island before they return tonight to Resolute Bay, N.W.T.

Tough terrain slowed progress for the first few weeks. However, the expedition traveled more than 25 kilometres a day in the last couple of weeks to make up for last time.

They had to reach the pole by May 12. After that date, warming temperatures cause fog and broken ice, which makes air pick-up impossible.

The trip has been much tougher than expected, Pangman said. Temperatures have averaged about -35° and driving winds have caused frostbite. A team of eight dogs has been more of a hindrance than a help. Pangman said.

Jade chunk may set world record  
Yukon find could be worth \$5.8 billion

**MAJOR FIND** - Northern Affairs geologist Dennis Ouellette holds about 29 kilograms of nephrite jade found north of Watson Lake. Ouellette has estimated the find to weigh 577 metric tonnes, making it a contender for the Guinness Book of World Records. STAR photo

Whitehorse Star, July 8, 1992

High on a snowy mountain top, some 145 kilometres north of Watson Lake, part of a large outcrop of rock gleams green - jade green.  
This shining, embedded nugget is expected to set a new Guinness world record for the largest piece of nephrite jade.  
It's been measured conservatively at 577 metric tonnes by Dennis Ouellette, a staff geologist with Northern Affairs in Whitehorse.  
The current world record is held by China, where a 264-tonne, or 291-Imperial ton, piece of jade was discovered in March, 1990....

Soak up a little Yukon history!
