SMELTING CENTRE

Construction of the three big hydro plants in the vicinity of Kluane Chilkoot Pass and Teslin. Estimated out - 500,000,000 horsepower - makes this the largest integrated power yield in the world.

In conjunction with the hydro construction, plans call for erection of smelters and leaching plants to process ores from Frobisher holdings in the Yukon, Northwest Territories, Ontario, Quebec, Greece and southern Rhodesia. Frobisher also has properties under development in Uganda, West Africa, Venezuela, Peru, Labrador, Montana, North and South Dakota.

Details of the plan - official permission for preliminary surveys has already been given - came to light recently and followed by a month rejection of a United States bid to harness the Yukon River system, of which Lac Laberge is a part.

At that time Resource Minister Winters intimated that development of Canadian resources in the area should be left to Canadian enterprise - Frobisher is owned by the gigantic Canadian industrial empire, Ventures Corporation.

Whitehorse STAR photo
MARTHA BENJAMIN - 1963

MARTHA BENJAMIN: CANADIAN CHAMP

"Martha beats them all" a STAR headline proclaimed in 1963 when an Old Crow skier and mother of five children became the first Yukoner to win a national skiing title.

Twenty-five year old Martha Benjamin won the senior women's cross country skiing title at the Canadian championships in Midland, Ontario. Her time over the 10 kilometre race was 43.29 minutes. And in 1989, 26 years after that historic event, Benjamin was inducted in the Yukon Sports Hall of Fame. "After all these years, I didn't expect to receive something like this," she said. "I just had it in me that I wanted to do it, and I did it," she said of her win in Midland Ontario.

Benjamin and Ben Charlie were the only two skiers to attend the championships. Charlie ranked 11th in a field of 48. His toughest competition came from a group of Finns from Sudbury who swept the field.

Both skiers brought high credit and distinction (not to mention the publicity) to their community and to the Yukon as a whole. Star correspondent Edith Josie wrote before they left: "I had wire from Mr. Harry at Whitehorse. He said Ben Charlie and Mrs. Martha Benjamin will go to Ottawa for International Olympic Competition for skiers on February 13. Frank Cook will take them out. Everyone is very glad to hear these two will go out long travel. Hope they had good trip. Old Crow is little town and Father Mouchet is training boys and girls for the skiers. Now they even go way out to Ottawa. Sure big surprise for the people in Old Crow."

Mouchet, an experienced ski instructor for the French army, designed a training program which is now called TEST (Territorial Experimental Ski Training). This program strives to stimulate and motivate children to discover themselves, develop self-reliance through a rigorous training schedule and gain self-confidence through a series of tough, but surmountable challenges.
