YUKON'S GREAT SHOWING

Yukon Territory's contribution to the Empire and Allied cause in this war is nothing short of magnificent.

Despite the fact the region is remote and the people are engaged in struggling against primitive and exceptionally obdurate and severe conditions in pioneering, they have more than held their own in the war game.

Between four and five hundred men have gone from this territory direct to the war, meaning practically ten per cent of the population of Yukon are under arms in Europe. Were the whole of the Dominion, with its eight million people, to contribute in like proportion to Yukon there would be 800,000 men, or just twice as many enlisted from Canada today as there are. ...

The generous and patriotic spirit of Yukon deserves to be known throughout the Empire and Allied realm. If all the Empire were contributing in like proportion in men and money the assembled wealth and armies today would be far greater than they are. But these matters will adjust themselves.

Yukoners will continue to do a mighty share and uphold the tradition that the sons and daughters of the North are excelled by none in loyalty to the nation and to humanity.

MARTHA BENJAMIN - 1963

**MARTHA BENJAMIN:
CANADIAN CHAMP**

"Martha beats them all" a STAR headline proclaimed in 1963 when an Old Crow skier and mother of five children became the first Yukoner to win a national skiing title.

Twenty-five year old Martha Benjamin won the senior women's cross country skiing title at the Canadian championships in Midland, Ontario. Her time over the 10 kilometre race was 43.29 minutes. And in 1989, 26 years after that historic event, Benjamin was inducted in the Yukon Sports Hall of Fame. "After all these years, I didn't expect to receive something like this," she said. "I just had it in me that I wanted to do it, and I did it," she said of her win in Midland Ontario.

Benjamin and Ben Charlie were the only two skiers to attend the championships. Charlie ranked 11th in a field of 48. His toughest competition came from a group of Finns from Sudbury who swept the field.

Both skiers brought high credit and distinction (not to mention the publicity) to their community and to the Yukon as a whole. Star correspondent Edith Josie wrote before they left: "I had wire from Mr. Harry at Whitehorse. He said Ben Charlie and Mrs. Martha Benjamin will go to Ottawa for International Olympic Competition for skiers on February 13. Frank Cook will take them out. Everyone is very glad to hear these two will go out long travel. Hope they had good trip. Old Crow is little town and Father Mouchet is training boys and girls for the skiers. Now they even go way out to Ottawa. Sure big surprise for the people in Old Crow."

Mouchet, an experienced ski instructor for the French army, designed a training program which is now called TEST (Territorial Experimental Ski Training). This program strives to stimulate and motivate children to discover themselves, develop self-reliance through a rigorous training schedule and gain self-confidence through a series of tough, but surmountable challenges.

THE KLONDIKE HOCKEY TEAM
at Dey's Rink in Ottawa, January 14, 1905.

**A CONSIGNMENT
OF HOCKEY JUNK**

It's not often a local hockey team has a chance to vie for the Stanley Cup, but it happened one time in Yukon history and the results of the contest make it probable that it will never happen again.

Hockey was big in the Klondike in 1904, and the competition so fierce that local promoters of the sport were looking for bigger and greater challenges. With the typical Yukon "if you're going to go for it, you might as well go for the top" attitude, Dawson organizers wrote to Ottawa challenging the World Champions to a Stanley Cup duel. The challenge was accepted.

The Klondike team sallied forth from Dawson to do battle with the Ottawa Invincibles, also known as "The Silver Seven."

Ottawa Hockey Team Won First Game of Series by Score of 9-2. The Dawson Hockey team went down in overwhelming defeat before the Ottawa Invincibles by a score of 23-2 in the second.

BOBBY KENNEDY CLIMBS MT. KENNEDY

Mountain and mountain climbing stories in The STAR have always received prominent coverage. One of the interesting climbs was made by the late U.S. Senator Robert Kennedy in March 1965 when he climbed the Canadian mountain named for his brother President John F. Kennedy.

The mountain, 145 miles north-west of Whitehorse, forms a triangle with Mount Alverstone and Mount Hubbard and until that time was the highest (13,905 ft.) unclimbed peak in the St. Elias mountains.

When the mountain was named for the late President, the National Geographic Society and the Boston Museum of Science decided to conduct a joint survey which would result in a completely detailed map. Bobby Kennedy, though he had never climbed before, joined the party at the last minute and thus the world press became very interested. Newsmen descended on the Yukon in droves but the Whitehorse Star had the first published pictures of the event.

Veteran Everest climber Jim Whitaker of Seattle led the three man party of Kennedy and Barry Prather up the last ridge where they unroped and let the Senator ascend the last 50 yards alone to be the first man on top. It was not a particularly tough climb, as climbs go, but it was a personal pilgrimage for Kennedy, who planted the Kennedy family crest, Canadian flags and National Geographic emblem on the top.

Kennedy Mountain, at the lower camps, was crawling with other members of the climb, military men and helicopters, private planes rented by the media, the ice field research people and anyone else who could scrounge a ride.

A National Film Board crew guided by Whitehorse mountaineer Monty Alford, recorded the climb and Yukoners Bob Erlam, Alex Van Bibber and Wayne MacDonald took pictures which appeared in Life, Time and The Whitehorse Star. The latter three, incidentally, were also present when Kennedy came down that night from the ascent. They fed him steak, instant mashed potatoes, ice cream and the heel of a bottle of Madeira wine which someone (probably Bob) had stashed in a pack sack.

Back in Whitehorse, Kennedy dropped in to the Capital Hotel to get cleaned up and have a drink with the locals. He bought a round and paid for it with a cheque which owner Cal Miller kept and had framed. Said Cal, "I told him I wanted to keep it as a souvenir of the next President of the United States."

**Liquor Tax Is Imposed
By Government**

An Ordinance to provide for Government control and sale of alcoholic liquors replaces the old Liquor Ordinance and the Beer Ordinance.

Changes made are that all licensed premises, beer taverns and cocktail lounges must close between the hours of 6 p.m. and 7 p.m. daily. Provision is also made to allow establishments operating a beer parlour or tavern and also serving meals, provided the establishment is 25 miles from the limits of a municipality, to serve beer with meals up to two bottles per person.

A tax of 10¢ per dozen bottles of beer, 10¢ per bottle of wine, 10¢

per flask of liquor and 25¢ per bottle of liquor will be imposed to provide funds for education and recreational projects.

It is expected that \$10,000 annually will be derived in this manner for the use of recreational or other desirable projects such as civic centres, etc.

POLL TAX
Payable by all males eighteen years or over except if they have had residence in the Yukon Territory for one year immediately prior to January 1st of the year in which the tax is imposed. This requires one year's residence in Yukon from January 1st to December 31st.

1901 News from the Whitehorse Star

Space All Contracted

During the past few days the traffic department of the White Pass & Yukon Route has contracted in advance for all the cold storage space on its rail and steamer lines from Skagway to Dawson for the entire season.

The contracts held amount in the aggregate to 1000 tons of freight. This will be chiefly fruits, fresh eggs, poultry, fresh meats, and vegetables.

This is an entirely new business in Alaska transportation annals. The construction of

three new steamers on the upper Yukon by the White Pass company, equipped with cold storage apparatus, was the last step taken in the matter of arranging or cold storage shipments this year by the traffic department.

The steamers equipped in this manner are the Ogilvie, McConnell and Dawson. Each will have a capacity of 20 tons. Skagway News.
