COLD BLOODED KILLERS

**Peter Fournier under arrest
 suspected of being one of the
 Bouthillette Murderers.**

DAWSON - Yesterday Peter Fournier, who was known to have left Whitehorse on June 16th in a small boat with Leon Bouthillette and Guy Joseph Beaudoin, whose bullet pierced bodies were found about a month ago in the Yukon river near Ogilvie, was arrested here. Four hundred dollars in Quebec bank notes were found on his person. The police are hot on the trail of a man named LaBelle, Fournier's partner, and who is also known to have been one of the party when it left Whitehorse. A man from Whitehorse has identified Fournier as being one of the party of five leaving Whitehorse for Dawson on June 16th inst.

Ed LaBelle, the partner of Peter Fournier, says that Fournier killed the men and threw their bodies into the river while he was absent from camp on a hunting expedition.

TORNADO HITS WATSON LAKE

What has been described as being a phenomena in this part of Canada occurred on Wednesday, September 9 between two and 3:00 p.m. when a tornado formed over Watson lake, raced down the far shore opposite the airport and up the bank to dissipate somewhere in the bush by the tank farm.

The tornado was accompanied by a short but extremely heavy hail storm with some of the stones measuring three-quarters of an inch in diameter.

Pete Koszok, the only known eye-witness to the forming of the tornado said the water began to swirl and gradually lift off the surface.

Evidence of its violence can be seen on the path it took when it struck the lake shore. Poplar, jack pine and spruce trees varying in height 30 to 70 feet and four to 10 inches in diameter were uprooted and piled together like matches. Fortunately the tornado struck only the lake and the trees.
