HELP WANTED

YESAB
Yukon Environmental and Socio-economic Assessment Board

ADMINISTRATIVE ASSISTANT

Teslin Designated Office
Full-time, permanent position, working 75 hours bi-weekly
Annual salary range \$59,010.08 - \$67,762.39

What's YESAB?

YESAB is an independent, arms-length body responsible for carrying out the assessment responsibilities under the Yukon Environmental and Socio-economic Assessment Act (YESAA). Our commitment is to be an impartial, effective, and efficient organization that provides assistance to all involved in the assessment process.

More than that, we are a small, but passionate team who loves the work that we do and the territory in which we live. We aspire to protect the environmental and social integrity of Yukon, while fostering responsible development in the territory that reflects the values of Yukoners and respects the contributions of First Nations.

What's this position about?

We are looking for a self-driven, energetic and positive individual to join our Teslin Designated Office team as our Administrative Assistant. As the Administrative Assistant, you are a vital part of our charismatic Teslin team. Your key functions will include providing administrative support to the Teslin Designated Office (DO), playing an active role in YESAB's greater administrative team, and supporting the public as they access our services.

What will I be doing?

You will be contributing to an enthusiastic and lively work culture. Having strong time management skills allow both flexibility and the aptitude to innovate and be decisive in this role. Experience working with computers, especially web-site interfaces, would be a strong preference to excel and support the collective YESAB team. If you are familiar with technology, are personable and adaptable, then this position is meant for you!

Each Administrative Assistant within YESAB is responsible for:

- Providing various administrative office supports (e.g. word processing services, data entry, photocopying, etc.) on an 'as-need' basis
- Developing and maintaining electronic filing systems
- Assisting the team with research and work projects, as required
- Receiving, screening and routing telephone calls and visitors.

How do I apply?

Visit YESAB's dedicated Collage job board platform to submit your application and view the comprehensive job description: secure.collage.co/jobs/YESAB

As part of this recruitment process candidates may be required to complete a work simulation exercise to assess proper job fit and ability. Note that applicants from this pool may be included in a six-month eligibility list for future Administrative Assistant opportunities across our organization.

A hiring preference will apply for qualified candidates of Canadian Indigenous ancestry, with a priority for qualified Yukon First Nation candidates, and/or qualified candidates who already reside within the Teslin area.

Applications must be received by August 15, 2022 at 11:59 pm Yukon Standard Time.

Anyone who can legally work in Canada can apply for this job. If you are not currently authorized to work in Canada, the employer will not consider your job application.

Collection, use and retention of personal information will be in accordance with YESAB's privacy policies and practices. By submitting your resumé and personal information and/or participating in our interview process, you acknowledge and consent to YESAB's collection, use and disclosure of your personal information to determine your suitability for this employment opportunity.

MERCER CONTRACTING

Teen Parent Centre
667-3421

SMELTING CENTRE

Construction of the three big hydro plants in the vicinity of Kluane Chilkoot Pass and Teslin. Estimated out - 500,000,000 horsepower - makes this the largest integrated power yield in the world.

In conjunction with the hydro construction, plans call for erection of smelters and leaching plants to process ores from Frobisher holdings in the Yukon, Northwest Territories, Ontario, Quebec, Greece and southern Rhodesia. Frobisher also has properties under development in Uganda, West Africa, Venezuela, Peru, Labrador, Montana, North and South Dakota.

Details of the plan - official permission for preliminary surveys has already been given - came to light recently and followed by a month rejection of a United States bid to harness the Yukon River system, of which Lac Laberge is a part.

At that time Resource Minister Winters intimated that development of Canadian resources in the area should be left to Canadian enterprise - Frobisher is owned by the gigantic Canadian industrial empire, Ventures Corporation.

The Whitehorse Star, March 13, 1953

HELP WANTED

CLASS ONE LOW BED WINCH TRUCK DRIVERS

Mercer Contracting is seeking experienced **Class 1 low bed winch truck drivers** to haul in Alberta, BC, Yukon and Alaska.
